Highly-experienced trainers

Our assessment tools are researched and developed in-house making our course directors true subject matter experts who use the tools with clients daily.

Exceptional resources & ongoing support

All of our psychometric training courses include a complimentary assessment starter pack and access to our exclusive members area. Our team will also be on hand to support you through the E-learning modules should you need it.

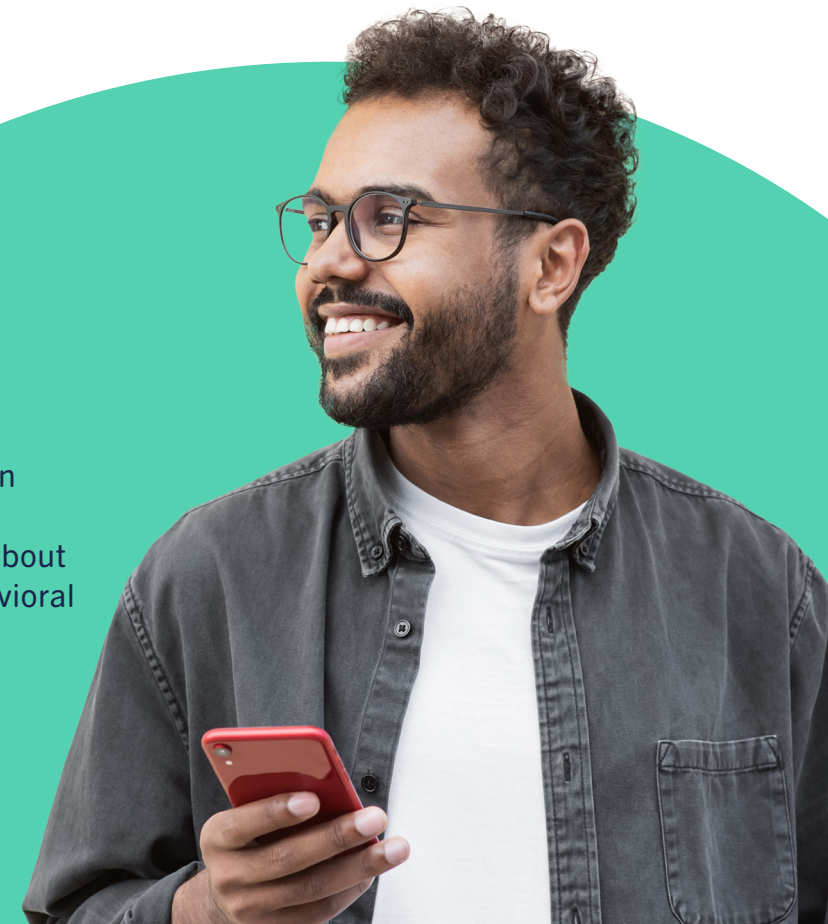

The
British
Psychological
Society

Our Test User: Occupational Ability & Personality and Wave Transfer courses confer eligibility for full BPS and EFPA accreditation.

“The tools were great in giving us detailed and accurate information about each individual’s behavioral preferences and their abilities.”

Flexible learning options

Minimize your time, maximize the impact

We appreciate that your time is precious; that's why we've made our psychometric testing training courses even more flexible, allowing you to fit them around your work and personal commitments.

Our flexible learning options offer a blend of online E-learning modules with virtual training sessions alongside other delegates, led by our highly experienced tutors. See the following pages for specific course outlines and formats.

The process:

Step 1

E-learning modules

Our E-learning modules teach you the theory behind our assessments and can be completed at your own pace, with a designated consultant on hand to help you every step of the way.

Step 2

Virtual tutored online training

Our tutored virtual sessions make use of polls, quizzes and virtual break-out rooms for group work, giving you the full face-to-face training experience virtually.

Express course

Our express course consists of back-to-back virtual tutored sessions to get you up and running with our assessments quickly and efficiently.

Modular course

Our modular approach consists of multiple half-day sessions allowing you to fit this certification around your busy schedule.

OR

“

Saville Assessment have produced a range of Wave reports that are truly innovative and provide clear insight.”

Swift Aptitude & Wave – Test User: Occupational Ability & Personality

(UK-based Practitioners/Formerly BPS Level A&B)

Upon completion of this combined online course, you will gain immediate access to our suite of aptitude tests, behavioral screeners and the Wave personality questionnaires, recognized for being the best predictors of workplace performance and potential.

Key learning objectives

- Ensure a fair and lawful selection process
- Build efficient and robust screening processes
- Practice personality profiling techniques
- Delve into individuals' workplace personalities
- Prepare and deliver high-quality performance feedback

This course requires no previous psychometric testing experience and is suitable for HR, recruitment and talent professionals looking to equip themselves with the best tools for hiring, building and leading their talent.

Step 1

8-12 hours of E-learning modules

Please note: The E-learning modules must be completed successfully ahead of attending the virtual tutored sessions. Our virtual tutored session can either be split over two sets of dates or combined. Where a delegate chooses to complete across two sets of dates, the ability component must be completed before the personality one.

On request, Step 2 of this course can be facilitated by our trainers for groups of 3 or more, on a date that suits you.

We're here to help at every stage

We are committed to helping you get the best value experience from our training and tools. Included in the price of the course, you will also receive the following:

✓ Your own designated consultant

Each course is directed by one of our experienced consultants. This consultant will offer each learner a pre-course call and can be contacted throughout the course to check your understanding.

✓ Reference books

We provide both Swift and Wave reference books which you can refer back to after the course. These will be PDF versions of the online technical course content so you don't need to worry about making notes as you go through the e-learning.

✓ Check-in call

Once you've completed the e-learning part of this course, you have the option of booking a check-in call to address any questions you have on what's been covered so far and what will be covered in the practical part of the course.

✓ Practical workbook

You will receive a hard copy and digital copy of the practical workbook to use on the virtual, face-to-face part of the course for both Swift and Wave. This will have plenty of space for notes and will include key points we recap over the day.

Swift Ability & Wave - international accreditation course

Wave Transfer Course

This online conversion course is for those trained in a personality tool recognized by the BPS (British Psychological Society) looking to add Wave personality assessments to their skillset.

It has approximately four hours of content to work through and can be completed at your own pace and convenience.

Key learning objectives

- Use the integrated suite of Wave reports for selection, onboarding and development
- Delve deeper into individuals' personalities and provide high-quality candidate feedback
- Objectively, fairly and reliably profile behaviors in line with role requirements

Step 1

4 hours of E-learning modules

Please note: Delegates booking onto this course must have an existing BPS TUOP (Level B) qualification.

On request this course can be facilitated by our trainers for a group on a date that suits you, combining steps 1 & 2.

Step 2

1-hour virtual feedback practice session

Each booking includes a complimentary call with one of our expert consultants, during which delegates will receive feedback on their own Wave report and advice on how to interpret the results, as well as the chance to practice delivering best-practice feedback to candidates. Delegates must attend this call to complete the course in full.

Wave Performance 360

This dynamic course can be completed online at your own convenience and qualifies you to use our Performance 360 tool, facilitating powerful performance feedback and development activity.

Once accredited, you get access to two tools - Wave Performance 360 and the Leadership Impact Expert 360 - allowing you to accurately assess the performance, attitude and potential of individuals at different levels within your organization.

Key learning objectives

- The knowledge to effectively structure and deliver impactful development feedback sessions
- The skills to combine Performance 360 tool with the unique level of insight offered by the various Wave reports
- The skills to administer the 360 program and interpret the results from the Performance 360 Expert Report
- Best-practice knowledge of using our Performance 360 tool to explore performance and potential to drive personal development, coaching and leadership effectiveness

Step 1

Who we have trained

See what people are saying

“

My trainer was great. They had many lessons and insights to share on giving feedback and interpreting results.

“

I really enjoyed the course and the role play session. I would highly recommend.

“

The online self-paced learning was particularly engaging as it meant I could work through the information at my own pace. The practice feedback session was super helpful in the way it was structured; observing the course consultant deliver a feedback session first, and then having a go at doing so myself.

“

Our trainer pulled on our knowledge and shared their deep expertise to develop our practice. I have a high degree of confidence now to use the Wave Assessments.

“

The interactive sessions were well structured and sufficient time was preserved for practice and feedback in the afternoon.

“

My trainer was fantastic. They created a safe and really good learning environment.
